

Why IB at NTI Skövde?

Our unique subjects

Computer Science, Visual Arts, Japanese and higher level Mathematics

Our inclusive, friendly and dynamic atmosphere

World School

Our current IB students and teachers come from 21 different countries and all of them contribute to the distinctive multicultural atmosphere of the school.

Our extra-curricular activities

CAS hike, Halloween party, World Culture fair, Dream Hack, Makerspace...
There is always something interesting going on!

Our self-taught languages

Arabic, Burmese, Croatian, English, German, Indonesian, Italian, Lithuanian, Greek, Norwegian, Persian, Russian, Slovene, Spanish and more...

Our tech-competence

Are you interested in computers, technology, science or art? That's perfect! Join us and test your ideas in our art workshops and Makerspace!

You are very welcome to come and try our IB programme for a day!
